

## ON THE ROAD BIKE IN THE GROWING AREA OF THE RENOWNED PEARL WINE

Self-guided tour  
4 days /3 nights

   approx. 290 - 300 km

## DESCRIPTION

Cycling in the Prosecco region is absolutely the best way to know this region framed in the north by the Alps and in the south by the river Piave, where green hills are covered by lush overgrown vineyards. What is waiting for you is a land full of charme, history and art, enriched by unexpected surprises bearing witness to its ancient past: fairy castles, aristocratic villas but also typical cellars where local people are keeping alive the pleasure of hospitality... you will absolutely need to taste their delicious local products! In this area the winemaking tradition has ancient roots; the first written evidence of Prosecco dates back to 1772 and nowadays, even though sparkling wines are widespread throughout the whole country, only the product born from these particular graves, with its floral and fruity scent, can bring in the world the name of „Prosecco“.

## CHARACTERISTICS OF THE ROUTE

An cycling tour on road bikes suitable to everybody, following good cycle paths and secondary roads far from heavy traffic. All overnights are in the same hotel.

## **A DAY BY DAY ACCOUNT OF THE ROUTE**

### **DAY 1: Arrival in Revine Lago/Vittorio Veneto**

Individual arrival in Revine Lago/Vittorio Veneto.

### **DAY 2: Revine Lago - Passo San Boldo - Lago Santa Croce - Vittorio Veneto - Revine Lago (approx. 80 km, ascent approx. 1.725 m)**

From the starting hotel the route leads towards Tovenà, where the ascent to the San Boldo Pass begins. The unique route of the south ramp in a Sack Valley closed by almost vertical rock walls is remarkable. The top of the pass can only be reached through five narrow spiral tunnels blasted into the rock and over six bridges. Once at the top you pass the border to the province of Belluno. A long descent now leads towards Belluno, Ponte nelle Alpi and Alpagò. Along the beautiful Santa Croce Lake the route leads to Fadalto and then back to the starting hotel.

### **DAY 3: Revine Lago - Asolo - Valdobbiadene - Revine Lago (approx. 105 - 110 km, ascent approx 1.100 m)**

Today's stage leads towards Col San Martino and from there to Vidor, where you will cross the Piave river. Along side roads, past the small village of Monfumo, you will reach the beautiful city of Asolo, the city of a hundred horizons with the fortress on the summit of Monte Ricco. On the way you will pass Venetian villas, the result of the skill and ingenuity of great architects, especially Andrea Palladio. From Asolo it goes down to Pagnano, Crespano del Grappa to Possagno, where you can admire the Roman Catholic Church of Canova. It slowly becomes hilly again and the route leads along vineyards past the well-known village of Valdobbiadene.

### **DAY 4: Revine Lago - Montello - Revine Lago (approx. 105 - 110 km, ascent approx. 1.000 m) - Individual departure or possibility to extend your stay**

In the morning you will cycle again in the direction of Vidor, cross the 220 km long Piave river and cycle comfortably to the Montello nature reserve, which can be reached via 21 small roads. These curved paths are called „prese“, on one side they lead up the hill and on the other side down again. The area is particularly popular by cyclists. Along the range of the hill it goes to Santa Maria Della Vittoria and back to Vidor. In the famous Osteria Senza Oste you can stop for a good glass of Prosecco. The route leads back to the starting hotel via Colbertaldo, Farra di Soligo and Refrontolo.

**The order of the stages can be adjusted individually.**
